Delegation For Deficiency Payments

(By D. H. Galbraith)

Special trains carried 190 delegates from all parts of Alberta to join with members from Saskatchewan and Manitoba, to make up the 1000 member delegation which presented its brief to the Prime Minister and his cabinet.

The Alberta delegation included the FUA and the FWUA executives along with directors and fieldmen from both the Alberta Wheat Pool and the United Grain Growers.

The trains arrived in Ottawa Monday morning, March 9, and the delegation was met at the station by the Hon. Mr. Harkness, Minister of Agriculture; the Hon. Mr. Hamilton, minister of Northern Affairs, and the Hon. Mr. Churchill, minister of Trade and Commerce. Members were registered at the various hotels in the morning. In the afternoon the delegation met for the first time as a whole and finalized the brief and its plans for presentation. It was decided that it would be better to present supplemental briefs rather than make too much change in the original. J. H. Wesson, president of the Saskatchewan Wheat Pool was to read the brief.

Tuesday morning the delegation was accorded a most memorable reception when the Prime Minister, along with 18 members of his cabinet and approximately two-thirds of the private members were present at the presentation of the brief. Also in attendance were 40 of the top eastern pressmen, along with television and radio. After Mr. Wesson read the brief, the supplemented briefs were presented. Alex McAila Bremner, 1st vice-president of the Jr. FUA, ably presented the view of the junior delegates. Mrs. Beatrice Irew, president of the Saskatchewan FWUA spoke for the women. Other members of the delegation spoke for labor, the clergy, local government, small businesses, machine agents and school interests.

In Mr. Deifenbaker's reply he stated that the door had not been closed on Deficiency Payments and that he would give the representations the fullest and most continuing consideration. "As a Westerner," he fully recognized the problems confronting the grain producer and would use ever possible means of increasing aid to the Prairie Farmers.

After the presentation of the brief the Steering Committee had made arrangements for the delegates to meet in groups with their Member of Parliament and others to discuss the probems first hand and to bring the farm view point to the M.P's. Many eastern M.P's. were in on these meeting and gave the delegates a very receptive hearing. They were in accordance that something must be done.

Most of the delegates availed themselves of the opportunity to spend some time in the galleries of the House of Commons and the senate to learn first hand the workings of government.

On the eve of their departure the delegates were tendered a reception by the western members of parliament.

While it is still too early to forecast the final outcome of the delegation we do know that the delegates did a first class job of public relations, of selling the western case and presenting a United Front.

The delegation focused the eyes of all Canada on Western Agriculture and brought to light the fact that Canada's whole economy depends upon the solidarity of agriculture. That this is not a western problem but a national problem.

Letters to the Editor

To the Editor of The Advocate,
Dear Sir:

The teachers of the Vulcan Local ATA wish to express, through the medium of your paper, their appreciation and thanks to the School Committee of the Vulcan County for the considerate and helpful way in which it dealt with salary negotiations this year.

Moreover, the teachers feel that the committee is to be commended for taking the initiative in implementing in the interest of education, a three-point program. This program offers: Higher salaries, better living conditions (such as modernized teacherages) and better community living for its teachers.

Although the results may not be apparent for some time an important step has been taken by the School Committee. Thus the School Committee recognizes the need for qualified teachers, in County schools, who are satisfied, not only with their financial status and living conditions, but also with the community in which their work lies.

This new reationship between teachers and the County Council should foster good public relations and maintain a greater continuity of teaching personnel. Hence in this way, some of the former educational problems of Council may be solved.

President of Local ATA, No. 76
Sincerely yours,
Fred Cartwright,
M. L. Todd, Councillor

Bethany Lutheran W.M.F.

The March meeting was held at the home of Mrs. K. Pedersen and was opened with the hymn "Come Thou Almighty King." Pastor Foster gave the devotional, also lead in prayer. The roll call was answered by eight members. There were also two visitors.

The minutes of the last meeting and the treasurer's report were disposed of in order. Correspondence consisted of one thank you card from the WMF at Nome, Alaska, for money sent for "Pennies for Nome Project." One of our own projects, regarding fixing up and painting up the church basement walls and ceiling is nearly finished and it has surely improved it for the use of the Sunday School. We say many thanks to Albert Ost and brother, Carl Ost, for their many hours of work. It is very much appreciated.

March being the month for our mission work, Mrs. Foster was in charge of the program and with the help of Pastor Foster, we were shown a film taken in Brazil, called "Brazilian Frontier." Mrs. Foster gave a talk on the pictures as they were shown. This was very interesting to us all and it let us realize how much missionary work has been done and how much more there is to be done.

The meeting was closed with the hymn, "Rock of Ages" and the "Lord's Prayer" in unison. A lovely lunch was then served by the hostess and Mrs. Foster. Both ladies were on the lunch committee.

The next meeting will be held at the home of Mrs. Vern Williams on April 15.

BIG HEALTH BILL

By 1964, says The Financial Post, Canada may be spending, every year, in today's dollars:

More than $450 million for hospital care under federal-provincial insurance plans.

$200 million for general hospital construction.

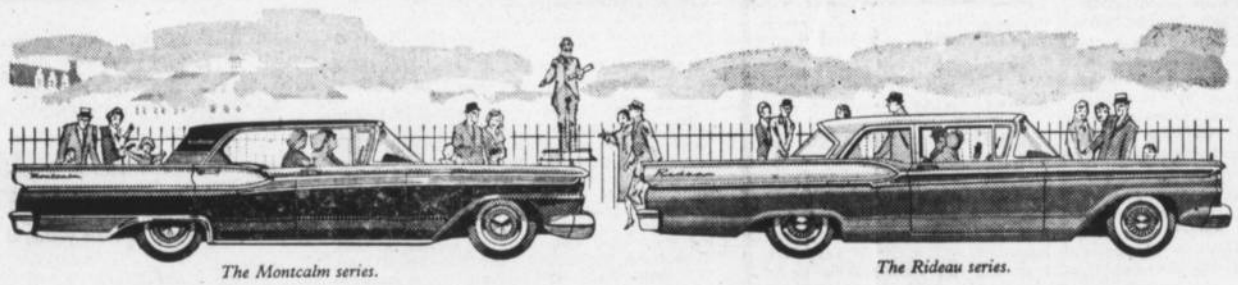

Large amounts to provide special accomodation for the aged or chronically ill in order to make sure they don't use more expensive general hospital space.

Any extra amounts resulting from possible extension of hospital plans to mental and TB patients.

Prices unchanged in 45 years—an Advocate classified of 25 words or less still costs only $1.00 for three insertions.

MAJORVILLE

Get well wishes are sent to Sam Gailey who is a patient in Bassano Hospital with an eye infection.

Friends will be glad to know that Mrs. Hagg is home from Vulcan Hospital and getting along well.

Bill Francis, Jimmie Prentice Irvin Sukut and Walter Scott made up a rink that went to Brooks to participate in the Legion Bonspiel, but under threat of dire happenings the score of that game must remain for all time, a secret.

Bert Clemmons, Junior Bertschy and Bill Francis went to Barons with other rinks from Milo, to take part in the Mason's Bonspiel. Bert and Junior came home with cigarette lighters.

The dance at Liberty last Friday was well attended as was the weekly card party on Saturday. Seven tables of whist players were out and prize winners were: high, Mrs. Bill Beckner and Gilbert Vooys; low, Junior Bertschy and Mrs. Francis.

Mr. and Mrs. Bartsch were in Calgary the first of the week for the stock show and sale. John purchased the reserve champion Aberdeen Angus bull for the price of $2,400.

Mr. and Mrs. Art Kisinger and family of Ponoka were weekend guests at the home of Mr. and Mrs. M. Clemmons.

On Saturday Mrs. Bert Clemmons, accompanied by her sister-in-law, Mrs. Kisinger visited at the home of Mr. and Mrs. S. Fraser and Mrs. Damien Corbeill of Cluny.

Wouldn't you just know it the first of the feathered folks to return from the south country would be the pesky blackbird. The only thing left for them are some dried berries on the apple seedling trees so maybe they have come home too soon. The weather has been really grand since March came in and now it is possible to go outdoors without heavy wraps and rubbers but it is still a while until March goes marching and it could give more winter but with spring on the calender it can't be too far away weather-wise.

On Thursday evening a number of friends of Mr. and Mrs. Jack Deitz called at the home of their son-in-law and daughter, Mr. and Mrs. Bob Umschied to honor them on their 40th wedding anniversary. Earlier in the evening a few members of the family were guests for supper to make the occasion.

Mrs. Prentice accompanied Mrs. Ralph Hall to Lethbridge on Friday.

Lutheran W.M.F.

The Lutheran WMF met for the March meeting at the home of Mrs. M. Clemmons with 15 members and two visitors present. "All Hail The Power Of Jesus Name," followed by repeating "The Lord's Prayer," in unison opened the meeting.

During the business session it was voted to purchase 50 steel stacking chairs for use in the kitchen of the church. A resolution to send $13.00 a year towards the upkeep of a missionary in Japan also was passed. It was also decided to have the wiring in the church done as soon as possible; volunteers have offered to assist the electrician with this work to keep expenses down.

Mrs. Bob Deitz asked to be relieved of the office of secretary and Mrs. Prentice was appointed for the remainder of the year. The president, Mrs. Jack Deitz, presented the retiring president, Mrs. Chester, with a gift and Mrs. M. Clemmons also received a gift for her work on the history of the church. Pastor Foster continued with the Bible study and Mrs. Foster gave out daily prayer for missionaries folders. The secretary was asked to renew subscriptions for "The Messenger" for members who were interested in receiving this publication.

The meeting closed with a hymn and a prayer by Mrs. Foster. Mrs. Bartsch, Mrs. H. Winch, Mrs. Francis and Mrs. Greaves served lunch. The next meeting will be at the home of Mrs. Chester Thompson.

RESPONSIVE AUDIENCE

During a visit to a military installation in Pakistan an American general was escorted by an interpreter - guide who was remarkably suave, adept, and had a good command of the English language. The general was particularly impressed with his escort's capability when he took occasion to relate a rather lengthy anecdote and the audience promptly broke into a hearty laughter.

Since the guide had spoken only a few words to the group, the general remarked, "You certainly told my little story quickly, and quite effectively, too. I noticed the people all laughed."

"Yes," said the guide. "Story too long to explain. So I said: "The American general has just told a joke. Everyone please laugh."

Average rate of lay . . .

86%!

Swift's new Sky-Hi 316 was developed especially for the poultry raiser who depends upon his laying flock for income. It combines high production with good feed conversion for real "assembly-line" efficiency. And, unlike many high producers, Swift's new Sky-Hi 316 maintains an extremely high rate of lay without sacrificing egg size.

Here is a completely new strain-cross Leghorn that excels in all characteristics of economic importance. In extensive tests of this and other strain-crosses, the Sky-Hi 316 proved superior. It had the highest egg production, earliest maturity, and greatest livability of all layers tested. During an 11-month period, the Sky-Hi 316 achieved a production of 281 eggs . . . an average rate of lay of 86%! And the egg weight kept consistently high.
